

Star Quest 21 CCLC After School Program serves students Monday-Friday after school from Monday-Friday 3:00-5:45 pm. The program is not in session when school is not in session, including holidays and inclement weather closing. The program may also need to cancel due to forecasted snow/ice events predicted in the afternoon hours. Staff members will attempt to contact family members through the One-Call System (automated calling system) as early as possible, therefore contact information needs to be updated by the parent/guardian when changes occur.

Enrollment:

All students at South Hancock Elementary School are invited to join the Star Quest 21 CCLC Program. Children may attend the program once a completed registration form is returned to the Director.

Program Fees:

A minimal weekly fee will be due at the end of each week. A sliding scale fee will be incorporated as financial assistance for those who qualify for free/reduced lunches and are subject to approval. No child will be denied services due to inability to pay for fees. For more information, contact Jamie Stephens.

Snack:

Students receive a nutritious snack daily provided by National School Lunch Program and the school cafeteria.

Activities:

Activities will be scheduled to include, but not limited to, a snack, recreation/physical education, homework help, tutoring, skill enhancement/enrichment, field trips, family events and summer camp.

For more information please contact the After School Director, Jamie Stephens at 270-927-6762 or by email jamie.stephens@hancock.kyschools.us
