PROCEDURES FOLLOWED IN DEVELOPING THE CODE

- A. A broad based committee was developed in each school during the Spring of 1985 to review existing school codes and bring them in compliance with new state regulations.
- B. Each school committee consisted of parents, students, teachers and administrators.
- C. The high school and middle school worked independently on their codes. The three elementary schools met together after compiling their first drafts in order to formalize one code for all elementary schools.
- D. The central office reviewed the three codes and added needed information that was called for by state regulation.
- E. The final draft was given to the school board attorney for review and recommended changes, additions and deletions.
- F. The draft was submitted to the board of education at the June board meeting for approval.
- G. The final approved copy was mailed to the Kentucky State Department of Education.

PROCEDURE FOR ANNUAL DISCIPLINE CODE PREVIEW

- A. Each year a county discipline committee will be formed to review the existing code.
- B. If there are no changes after review, the committee will report such to the board of education.
- C. If there are revisions, the code will travel through the same steps it did in its original writing.

PROCEDURES FOR ANNUAL ORIENTATION TO THE CODE FOR STUDENTS, PARENTS & TEACHERS

- A. Students - Each student will receive, by school administrators or teachers, an orientation to the discipline code at the beginning of each school year or upon enrolling in Hancock County Schools.
- B. Teachers - Each school administrator will review and explain the discipline code to the faculty at a faculty meeting each year before school starts.
- C. Parents - A copy of the discipline code will be available on line at the beginning of the school year. Parents will then be encouraged to contact the school if there are questions or comments. In addition, parents can request a hard copy of the code from any school or the central office.

A parent/student signature sheet is included in the back of this book. Parents and students must sign the sheet and return it to the schools. By signing the sheet, the parents and student will be acknowledging the fact that they have read the student discipline code, they understand it, and they agree to abide by it.

ASSURANCES REGARDING NON-DISCRIMINATION, DUE PROCESS AND APPEAL PROCEDURES

- A. The Hancock County Schools will not discriminate against any person on the basis of age, sex, marital status, race, color, national origin, religion, social-economic level, handicap, intelligence or any other reason. Evidence of such discrimination should be reported to the Superintendent.

The Hancock County Schools will be afforded due process by (1) being notified of misconduct, how the discipline code was violated and the charges made against them, (2) having the right to present their cases to the charging authority, and (3) having the right to appeal any decision to the next higher authority or person until all appeal rights have been exercised.

ALLOWANCES IN THE CODE FOR FLEXIBILITY AND INDIVIDUAL REVIEW

The Hancock County Discipline Code is a set of regulations that administrators and teachers will use to govern the discipline of the students.

- A. Flexibility is built into the code in dealing with student behavior by differentiating between the severity of offenses and by offering various alternative measures for dealing with misbehavior.
- B. Extenuating circumstances will be taken into account when dealing with student behavior.

WHEN AND WHERE THE DISCIPLINE CODE APPLIES

The discipline code applies throughout the year to all students participating in educational activities, both curricular and extra-curricular, anytime students are on school-provided transportation, on school grounds, and /or under the supervision of certified school personnel.

PERSONNEL AUTHORIZED TO ADMINISTER THE CODE AND THE MECHANISM FOR ADMINISTERING THE CODE

- A. The Hancock County Board of Education Discipline Code will be administered by personnel authorized by the board of education in accordance with board policy and Kentucky State law related to student discipline and behavior.
- B. Discipline problems, which are of a common or minor nature, are to be handled by the classroom teacher using informal, in-school measures.

Discipline problems, which the teacher deems to be of a serious nature, must be referred to the principal or designee. The administrator will investigate the problem and deal with it using the circumstance and the discipline code as guides for dealing with the problem.

HANCOCK COUNTY SCHOOL DISTRICT DISCIPLINE PHILOSOPHY

The Hancock County School System believes that an environment must be ensured in each school that is conducive to the learning process. An effective discipline code, which is characterized by uniformity, clarity, equity and fairness, contributes to the development of this environment.

The discipline code also facilitates the development of students' self-control and self-discipline. In this regard, the student discipline code becomes an integral component of the educational process and a symbol of the commitment of parents, students, teachers, and administrators to the maintenance of an effective learning environment.

It is for these reasons that the Hancock County School District develops and maintains a discipline code which emphasizes not only the rights of students but also the responsibilities of students to others and to the learning process. School authorities are given a broad range of powers in assuring that student rights and responsibilities are harmonious with the learning process. The Hancock County School District will exercise these powers with discretion and will adhere to the requirement of due process and other constitutional standards.

SUSPENSION AND EXPULSION AND DUE PROCESS

Expulsion is the most serious penalty a school can impose. Based on Kentucky State Law (158.150) a student may not be expelled from school unless provisions of section 2 KRS 158.150 have been followed. It is therefore the policy of the Hancock County Board of Education to place a student in an isolated school setting when a student is brought before the board for expulsion.

Conduct which proves a serious or immediate threat to the safety or well-being of students or staff requires the removal of the offender from the school.

When students commit serious acts of misconduct which warrant their removal from school, the district has an obligation to initiate expulsion hearings, after other alternatives have been exhausted. In all instances, due process procedures must be carried out in accordance with Kentucky Law as specified in Section 2 of KRS 158.150.

158.10 Suspension or Expulsion of Pupils

- 1) All pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools:
 - a. Willful disobedience or defiance of the authority of the teachers or administrators, use of profanity or vulgarity, assault or battery or abuse of other students, the threat of force or violence, the use or possession of alcohol or drugs, stealing or destruction or defacing of school property or personal property of students, the carrying or use of weapons or dangerous instruments, or other incorrigible bad conduct on school property, as well as off school property at school-sponsored activities constitutes cause for suspension or expulsion from school; and

- b. Assault or battery or abuse of school personnel; stealing or willfully or wantonly defacing, destroying, or damaging the personal property of school personnel on school property, off school property, or at school-sponsored activities constitutes cause for suspension or expulsion from school.
- 2) Each local board of education shall adopt a policy requiring the expulsion from school for a period of not less than one (1) year for a student who is determined by the board to have brought a weapon to a school under its jurisdiction. The board shall also adopt a policy requiring disciplinary actions, up to and including expulsion from school, for a student who is determined by the board to have possessed prescription drugs or controlled substances for the purposes of sale or distribution at a school under the board's jurisdiction, or to have physically assaulted or battered or abused educational personnel or other students at a school or school function under the board's jurisdiction. The board may modify the expulsion requirement for students on a case-by-case basis. A board that has expelled a student from the student's regular school setting shall provide or assure that educational services are provided to the student in an appropriate alternative program or setting, unless the board has made a determination, on the record, supported by clear and convincing evidence, that the expelled student poses a threat to the safety of other students or school staff and cannot be placed into a state-funded agency program. Other intervention services as indicated for each student may be provided by the board or by agreement with the appropriate state or community agency. A state agency that provides the service shall be responsible for the cost. In determining whether a student has brought a weapon to school, a local board of education shall use the definition of "unlawful possession of a weapon on school property" stated in KRS 527.070.
- 3) School administrators, teachers, or other school personnel may immediately remove or cause to be removed threatening or violent students from a classroom setting or from the district transportation system pending any further disciplinary action that may occur. Each board of education shall adopt a policy to assure the safety of the students and staff.
- 4) A pupil shall not be suspended from the common schools until after at least the following due process procedures have been provided.
 - a. The pupil has been given oral or written notice of the charge or charges against him which constitute cause for suspension;
 - b. The pupil has been given an explanation of the evidence of the charge or charges if the pupil denies them; and
 - c. The pupil has been given an opportunity to present his own version of the facts relating to the charge or charges. These due process procedures shall precede any suspension from the common schools unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process. In such cases, the due process procedures outlined above shall follow the suspension as soon as practicable, but no later than three (3) school days after the suspension.
- 5) The superintendent, principal, assistant principal, or head teacher of any school may suspend a pupil but shall report the action in writing immediately to the superintendent and to the parent, guardian, or other person having legal custody or control of the pupil. The board of education of any school district may expel any pupil for misconduct as defined in subsection (1) of this section, but the action shall not be taken until the parent, guardian, or other person having legal custody or control of the pupil has had an opportunity to have a hearing before the board. The decision of the board shall be final.
- 6) (a) Suspension of exceptional children, as defined in KRS 157.200, for more than a total of ten (10) days during a school year shall constitute a change of educational placement. The admissions and release committee shall meet to review the placement and make a recommendation for continued placement or a change in placement and determine whether

regular suspension or expulsion procedures apply. Additional evaluation shall be completed, if necessary.

(b) If the admissions and release committee determines that an exceptional child's behavior is related to his disability, the child shall not be suspended any further or expelled unless the current placement could result in injury to the child, other children, or the educational personnel, in which case an appropriate alternative placement shall be provided that will provide for the child's educational needs and will provide a safe learning and teaching environment for all. If the admissions and release committee determines that the behavior is not related to the disability, the local educational agency may pursue its regular suspension or expulsion procedure for the child, if the behavior warrants so. However, educational services shall not be terminated during a period of expulsion. A district may seek temporary injunctive relief through the courts if the parent and the other members of the admissions and release committee cannot agree upon a placement and the current placement will likely result in injury to the student or others.

- 7) The Hancock County School District has an alternative program. In most cases students who are guilty of expulsionary offenses in high school and middle school will be assigned to the district's alternative program. See the Hancock County High School and Hancock County Middle School Handbooks for guidelines for expulsion to the alternative school.

SPECIAL EDUCATION

The behavior of exceptional (special education) students and students who have been referred for evaluation for possible special education placement and/or related services should be considered during the Admissions and Release Committee (ARC) meetings. Behavioral interventions, treatment and consequences should become a part of the Individual Education Plan for that student. Should these interventions prove unsuccessful, as evidenced by misconduct of the student, the issue should be brought to the appropriate ARC to make changes in the student's program which might result in more appropriate behaviors.

In deciding *Kaeline V. Grubbs*, (June 9, 1982), the Sixth Circuit Court Appeals has outlined general standards governing the suspension and expulsion of handicapped children in Kentucky, Ohio, and Michigan.

- A. A handicapped child may be *suspended* temporarily without a special education change of placement procedures. (KRS 158.150 and OAG 78-637 outline due process requirements, which must be followed in suspension of all children.) Not to exceed 10 cumulative days per school year.
- B. A handicapped child may be *expelled* as long as appropriate Admissions and Release Committee procedures are followed with a committee determination that the child's disruptive behavior was not a result of the handicapping condition.

A handicapped child *may not* be expelled if the committee determines that the child's disruptive behavior was a result of the handicapping condition;

Even if the child is expelled through the appropriate procedures, there must not be a complete cessation of educational services. Therefore, if a handicapped child is expelled, alternative services must be provided.

504

There are certain procedures schools must follow before disciplining handicapped students under section 504 and IDEA. The procedures which public schools are required to follow under

section 504 before disciplining handicapped students are also required under IDEA. IDEA, however, requires schools to follow additional procedural safeguards, which are not required under section 504. As a result, the regulation, which establishes the procedures to be followed under section 504 specifically, provides that compliance with the procedural safeguards of IDEA will satisfy the procedural requirements under section 504.

SEARCH AND SEIZURE

REASONABLE SUSPICION

No pupil's outer clothing, pockets, or his or her personal effects (e.g., handbags, backpacks, etc.) shall be searched by authorized school personnel unless there are reasonable grounds to believe the search will reveal evidence that the pupil has violated or is violating either a school rule or law. Search of a pupil's person shall be conducted only with the express authority of the Principal.

AUTHORIZED PERSONNEL

Searches of a pupil's person or his or her personal effects shall only be conducted by a certified person directly responsible for the conduct of the student or by the Principal or Assistant Principal or the school which the student attends and in the presence of another certified person.

During these inspections, items which are school property, such as overdue library books, may be collected. Students should not expect privacy from items left in such locations. A single desk or locker may be searched if reasonable grounds exist to believe that evidence of a violation of the law or a school rule is contained therein.

ILLEGAL ITEMS

Illegal items (e.g., weapons, drugs, etc.) or other possessions reasonably determined by proper school authorities to be a threat to the pupil's safety or others' safety and security may be seized by school officials.

All items which have been seized shall be turned over to the proper authorities or returned to the true owner.

VEHICLES

When reasonable suspicion exists that a student's automobile or the contents thereof pose a threat to a student health, safety or welfare or of disruption to the educational process, and a search is warranted, the Principal or assistant Principal will accompany the student to the vehicle. If the vehicle is unlocked, a search will be made. If a student refuses to open any portion of the vehicle for examination, legal authorities will be summoned and the student will lose driving privileges and appear before the Board at the next school board meeting.

The criminal laws of the Commonwealth of Kentucky and of the federal government apply to the conduct of all persons on school property. Violations should be dealt with according to these laws and local school board policy.

- A. Due to the seriousness of LEVEL IV offenses, the student's continued presence in school would constitute a threat to other persons and would have a negative impact on the general morale of the school. Verified LEVEL IV misconduct should result in punishment in accordance with KRS 158.150.
- B. Schools should report these offenses to the appropriate law enforcement agency and assist these agencies in investigating and prosecuting the offender. In cases of assault and/or battery on a student or school employee; it is suggested that these persons press charges. The district should encourage this practice and give full support to the aggrieved individual in the legal pursuit of this matter.
- C. A student charged with LEVEL IV misconduct should be given a full due process hearing before the board, which should take prompt and appropriate action. Since disciplinary action by the school in criminal matters does not constitute "double jeopardy", the board need not await the disposition of the hearings or trial.
- D. If a student has been found guilty or has been expelled from a public or private school for an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs, prior to the student's admission to any school, the parent, guardian, or other person or agency responsible for a student shall provide to the school a sworn statement indicating

(on a form provided by the State Board for Elementary and Secondary Education) that the student has been expelled from school attendance at a public or private school in this state or another state for homicide, assault, or an offense in violation of state law or school regulations relating to weapons, alcohol, or drugs. No records shall be transferred until proceedings have been terminated and shall reflect the charges and any final disposition of the expulsion proceedings. (See Senate Bill No. 112-Commonwealth of Kentucky)

- E. School officials shall cooperate with law enforcement agencies in cases involving students (i.e., serving of subpoenas, juvenile petitions or warrants, or taking students into custody.) As soon as possible, officials shall endeavor to notify the parents of students who are arrested.

When students are arrested at school, the Principal/designee shall make a written record of the identity of the officer making the arrest, the nature of the offense charged, the name of the issuing authority of any arrest warrant, and the place of custody.

CRIMES OFF SCHOOL PROPERTY

In the interest of the student's welfare, the following requirements shall be followed when police officers ask a question or remove a student from the school whom they suspect of committing a crime off school property.

2. If the parent(s)/legal guardian(s) come to the school or consent to permit the officer(s) to interview the student, a private place for the interview shall be provided.

4. Parental/legal guardian notification/permission shall not be required if the student is an alleged victim of abuse by the parents/legal guardians.-

CRIMES ON SCHOOL PROPERTY

Except in cases of emergencies involving threats to health and safety as determined by the Superintendent, when the District calls law enforcement officials to question students concerning crimes committed on school property, the Principal shall make an effort to notify their parent(s)/legal guardian(s).

In accordance with its published guidelines, the Kentucky Department for Public Health will conduct an evaluation of the affected student's medical condition and formulate recommendations regarding school attendance.

If the Kentucky Department for Public Health determines the student poses no risk, she/he will be allowed to attend school without restriction. If the student is physically unable to attend school or if the Kentucky Department for Public Health deems the student a significant health risk to students or school personnel, the Superintendent shall confer with the parents and/or the student to determine an appropriate education environment.

MEDICAL CONFIDENTIALITY

Rationale and Purpose

For some time many people have felt that out-of-school suspension was not in the best interest of the student or the school. For this reason, the Hancock County Board of Education has gone to great lengths to provide alternatives to out-of-school suspension. There are now two (2) different types of alternative classrooms.

ISLA – This classroom is set aside for students who, in the past, would have normally been suspended from school for misconduct. We feel that students need to be held accountable for their actions and sometimes this requires punishment.

ICE – This classroom is set aside for students who have not been successful in school or who have been sent there by school administrators, the Hearing Officer or the Board of Education.

The ISLA and ICE allow the student to stay in the learning environment under adult supervision with the opportunity to continue his or her schoolwork. At the same time, the student is receiving the message that some behavior is unacceptable and will be dealt with in a more severe manner. Hopefully, this will be a very positive step forward in working with the young people of our community.

For more specific information about these programs and how they work for the individual schools, please refer to the individual school handbook.

KRS 159.051 Amended by the General Assembly and signed into law 4-26-07 an ACT relating to a student's license or permit to operate a motor vehicle.

Section 1. KRS 159.051

- (1) When a student age sixteen (16) or seventeen (17) drops out of school or is declared to be academically deficient, the school administrator or his designee shall notify the superintendent of schools of the district in which the student is a resident or is enrolled. The reports shall be made at the end of each semester but may be made earlier in the semester for accumulated absences. A student shall be deemed to have dropped out of school when he has nine (9) or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences. A student shall be deemed to be academically deficient when he has not received passing grades in at least four (4) courses, or the equivalent of four (4) courses, in the preceding semester. The local school board shall adopt a policy to reflect a similar standard for academic deficiency for students in alternative, special education, or part-time programs.**
- (2) Within ten (10) days after receiving the notification, the superintendent shall report the student's name and Social Security number to the Transportation Cabinet. As soon as possible thereafter, the cabinet shall notify the student that his operator's license, intermediate license, permit, or privilege to operate a motor vehicle has been revoked or denied and shall inform the student of his right to a hearing before the District Court of appropriate venue to show cause as to the reasons his license, permit, or privilege should be reinstated. Within fifteen (15) days after this notice is sent, the custodial parent, legal guardian, or next friend of the student may request an ex parte hearing before the District Court. The student shall not be charged District Court filing fees. The notification shall inform the student that he is not required to have legal counsel.**
- (3) In order for the student to have his license reinstated, the court shall be satisfied that the license is needed to meet family obligations or family economic considerations which if unsatisfied would create an undue hardship or that the student is the only licensed driver in the household or the student is not considered a dropout or academically deficient pursuant to this section. If the student satisfies the court, the court shall notify the cabinet to reinstate the student's license at no cost. The student, if aggrieved by a decision of the court issued pursuant to this section, may appeal the decision within thirty (30) days to the Circuit Court of appropriate venue. A student who is being schooled at home shall be considered to be enrolled in school.**
- (4) A student who has had his license revoked under the provisions of this section may reapply for his driver's license as early as the end of the semester during**

which he enrolls in school and successfully completes the educational requirements. A student may also reapply for his driver's license at the end of a summer school semester which results in the student having passed at least four (4) courses, or the equivalent of four (4) courses, during the successive spring and summer semesters, and the courses meet the educational requirements for graduation. He shall provide proof issued by his school within the preceding sixty (60) days that he is enrolled and is not academically deficient.

Section 2. KRS 186.470

- (1) The application of any minor under the age of eighteen (18) for an operator's license, motorcycle operator's license, intermediate license, or any instruction permit shall not be granted unless the application is signed by a parent or legal guardian of the applicant. Regardless of which parent signs the application, both parents shall be responsible as provided in KRS 186.590. If the minor does not have a father, mother, or guardian, an operator's license, intermediate license, or instruction permit shall not be granted to the minor unless his application is signed by a person willing to assume the obligation imposed by KRS 186.590 upon a person signing the application of a minor. A signature shall not be required in the case of the renewal of a minor's license but the signature on the original application shall continue to make the parent, guardian, or other person liable under the provisions of KRS 186.590 on all renewals of the minor's license until he reaches the age of eighteen (18) unless the license, or any renewal thereof, is canceled as provided in subsection 3 of this section.**
- (2) The application shall include parental consent for the receipt and release of the information as set forth in Section 1 of this Act regarding the attendance and academic requirements for a minor to acquire and keep an operator's license, intermediate license, instructional permit, or privilege to operate a motor vehicle.**
- (3) A parent or a guardian of a minor applicant may file with the cabinet a verified written request that the license of the minor be canceled. Thereupon the license of the minor shall be canceled and the person who signed the application shall be relieved as to subsequent acts of the minor from the liability imposed by subsection (1) of KRS 186.590.**
- (4) The cabinet upon receipt of satisfactory evidence of the death of the person who signed the application of a minor for a license shall have the license canceled and no new license shall be issued to the minor until a new application, signed and verified, is made as required by this section.**

SPECIAL NOTICE
ASBESTOS MANAGEMENT PLAN FOR HANCOCK COUNTY SCHOOLS
2022-2023

This notice is sent to inform parents of children within the Hancock County School System as to our efforts to comply with National and State regulations that relate to asbestos containing building materials (ACBM).

An inspection for building materials that contain asbestos has been completed for all buildings owned, leased or otherwise occupied by Hancock County Schools.

This inspection has been conducted by a certified inspector and the material samples were evaluated by an accredited laboratory. Building materials with as little as one percent (1%) asbestos have been identified and made a part of the Asbestos Management Plan. To date, our remaining ACBM is in the form of floor tile and mastic at the high school. This non-friable type of asbestos poses no health concerns as long as it remains in good condition.

Our maintenance personnel are trained to recognize damaged asbestos, and we have contracted a consulting firm, Matrix Environmental Group, LLC, to inspect our buildings twice per year as required by state regulations.

A complete Asbestos Management Plan for the school district is on file at the Hancock County Board of Education. A copy is also available for each individual school at the respective School's office.
